ACCOMODATION

The week of PCNS September 6-10th is very busy in Milano related to a Fashion Week, Furniture Exhibition and Fomule 1 racing event in Monza (traing start 10th September). There may be limitation of rooms available and prices are high during September.

Thus we strongly recommend booking of suitable hotels well in advance.

Note: Despite PCNS organizers best effort we could not get pre-booking of larger amount of rooms in one hotel. Nevertheless, there may be one or two rooms available in smaller hotels close to Politecnico. Better chance is to get accomodation in larger hotels around Milano Central Station that is easily accessible from trains (incl. airport fast train). Politecnico can be accessed via Metro (Green Line, 3 stops direction Gessate/Cologno Nord) from there. On return from Gala Dinner bus coach will make a stop close to the Central Station to serve people staying in this location.
